

Arbor Housing & Development Annual Giving Tree 2018

Arbor Housing and Development will begin their 2018 Holiday Season with the 23rd Annual Giving Tree Project on Monday, November 15th.

The tree will be located at Arbor Housing and Development's main office at 26 Bridge Street, Corning, NY. The tree is decorated with gift tags indicating the needs of adults and children benefiting from the organization's supportive housing programs.

Each year, through the generosity of Arbor Housing and Development employees, Board Members, and other area local supporters, holiday gifts are provided for those who would not otherwise receive them. Community members are encouraged to participate in the project.

Participants select a gift tag, purchase a gift, and return it to the main office in Corning to be placed under the "Giving Tree."

All gifts must arrive in our office no later than Monday, December 17th to allow time for distribution.

Thank you for your support!
